From Your Community Lay Director:

What a joy it was listening to what God did in the lives of the young people at Closing of the Boys and Girls Chrysalis Flight. Even if they had not spoken a word, you could see it in their faces! As I listened, I experienced tears of joy, conviction, a desire to study more, and a greater love for Jesus Christ. I left there wondering what random agape act I could do, and eager to continue my Fourth Days seeking HIM. As I thought back, I realized that's how I leave every walk Closing - in awe of God's goodness and grace. It's sort of like listening to 30 to 40 "mini" talks, and reliving my pilgrim walk.

Do you want the excitement of your walk rekindled? Do you need to be challenged to renew your study habits or rethink your priorities? Closings will do that - every time!

DeColores,

Marty Sutherland
